You will be required to use only 2 (*Microphone* and *Leave Meeting*) options:

- 1) **Microphone:** When the teachers asks you to read or to say something you **unmute** your microphone and answer/read.
- 2) Leave Meeting: When the meeting (class) is complete, you may leave the meeting (bottom right in red).
- 3) <u>Video:</u> Please do not turn on your video. If the teacher requires it, they will ask you to turn it on.

### If anything else is required, the teacher will ask you to do so.

### **Reminders:**

- Please be on time for your class. Your teacher will share your class timings (classes might be cut down as needed).
- Please be patient and wait for your teacher to start the meeting. You can join early and wait.
- Make sure your audio device and microphone are working before the meeting start.
- In case your internet is slow or voice quality is not clear, do not worry. It will get better automatically when the internet gets better.
- Try to sit in a quiet room where there will be less distraction.
- Younger kids will require assistance from their parent/guardians, please contact the teacher for further details.
- The meeting ID will stay the same. If a password is used, the teacher will share it with you.
- We recommend using a <u>laptop/desktop</u>. However, any device can be used (tablet, cellphone, etc).
- Keep checking your email for any updated information from your teacher or program office.
